

RECENT WORKS
OF THE
COUNCIL OF
EUROPE ON
CYBERJUSTICE
AND AI

—◇—
prof. Marek Świerczyński (AIAB)

The Resource Centre shall serve as a publicly accessible focal point for structured and reliable information on AI systems and other key cyberjustice tools applied in the digital transformation of the judiciary and:

- help authorities tasked with the planning and implementation of digitalisation of justice to gain an overview of applied key systems and exchange on the use cases;
- provide a starting point for further examination of key systems and discussion on their risks and benefits;
- provide professional and end-users with information on key systems they are using or are exposed to, in line with the "European ethical Charter on the use of AI in judicial systems and their environment".

Justice Practical Guide (Beta Version)

is a virtual assistant in development by Ministry of Justice that allows quick and simplified access to information in justice.

Intuitive look for any age

I want to get married. What do I have to do?

I want to get divorced. What do I need to do?

What documents do I need to start divorce proceedings?

Is it possible to get divorced through the internet?

How can I request mediation for my divorce?

What types of companies can be set up through the Online Business 2.0 platform?

Reset Conversation

What I can do to get married online?

You can start the marriage process online, if you are a Portuguese or Brazilian citizen with general status of equality of rights and duties, are over 18 years old with Citizen Card. The online service is accessible on the Justice portal <https://justica.gov.pt/Servicos/Iniciar-processo-de-casamento>.

But I am French.

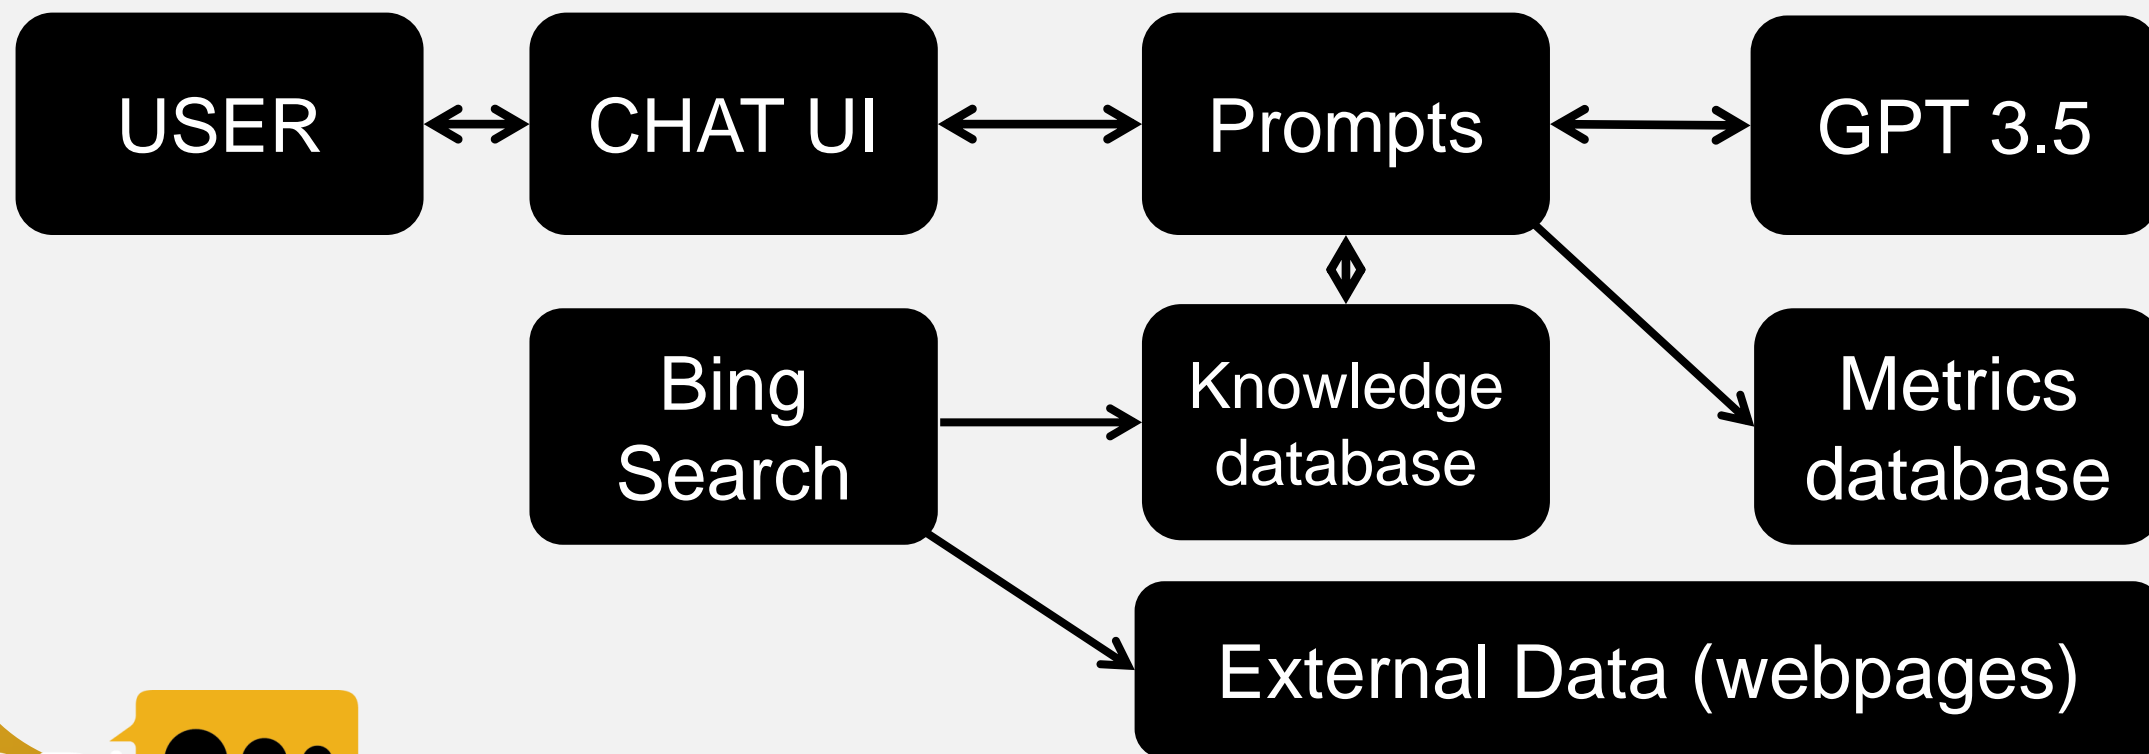

Foreigners who wish to marry in Portugal must go to a Civil Registry to start the marriage process. It is necessary to present: - Identification documents. - Birth certificate issued according to the law of your country. - Certificate of marital capacity, issued by the competent authorities of your country less than six months ago or, in case of not issuing, a statement that says that such a certificate is not issued. Certificates and documents not written in English, French or Spanish must be accompanied by a certified translation into Portuguese. If the foreign groom/bride does not know the Portuguese language and the registry employee does not master the language, an interpreter is appointed.
